

The Odyssey School of Denver

## Superheroes United! Spring Auction 2021

Dear Friend,

This year we thought deeply about the theme for our annual Spring Auction. We think we came up with a good one... **We are Superheroes United!** Together we can do anything! We can even beat a pandemic! We are grateful for you and we are grateful for our special community.

This year we want to focus on celebrating our teachers, students and parents of Odyssey. We know we are living in unbelievably tough times but, with the support of our neighbors and friends, we are getting through it. And, to spread this spirit of tenacity and community, we want to partner with you, our local businesses, so we can make it through this extraordinary time together.

We have created several different sponsorship opportunities in return for your financial patronage. Our tiered sponsorship options create the flexibility to allow you to choose how much you think you can stretch to support our school during this unprecedented time. From having your company's name and logo displayed on our weekly communications to having an advertisement in our annual yearbook, your name will get out to our families, friends and their communities. In this way we truly believe we will foster a caring and giving community circle.

Our annual Spring Auction is scheduled for March 20, 2021 (probably virtually!). Collaborating with us not only helps us to meet our financial obligations, it also allows us to help you, our local business community!

The Odyssey School of Denver is the original Expeditionary Learning school in Denver. Although located in the heart of Park Hill, our families come from all over the greater Metro Area. Our K-8 students engage in a unique adventure program that supports them in building skills in collaboration, self-care, independence and a life-long connection to the natural world. We are an inclusive, high-performing diverse school of learners.

In order to fully serve our students and staff, we hope to raise \$35,000. These funds are vital for continuing our paraprofessional and mental health services, ensuring equitable and competitive teacher pay and meeting other school needs. Your partnership with Odyssey is tax deductible as we are a 501(c)(3) non-profit organization.

*Most Sincerely and Thank You for your consideration,*

*The 2020 Odyssey Auction Committee*
